DISCOVER HYPOALLERGENIC MAKE-UP FOR CONTACT LENS WEARERS AND DRY EYES

OPTICIAN JAMES SUTTON AND HIS PHARMACIST WIFE MICHELLE SPECIALISE IN COSMETICS FOR SENSITIVE SKIN, EYES AND CONTACT LENS WEARERS.

We are passionate about helping women who are unable to wear cosmetics, particularly mascara, due to allergy or intolerance. Skin and eye sensitivity is extremely frequent; red, sore, weeping eyes, tingling sensation, itching, redness, dry skin. However, women talk about both 'having sensitive eyes or skin' or 'being allergic'.

ALLERGY: is a definitive reaction from the organism to a given substance: for example a skin reaction is possible due to chrome oxide.
INTOLERANCE: is a local, short-term reaction to a substance in a given situation: high and warm temperature, skin acidity, aggressive products.

Allergies represent only 10% of reactions, 90% are due to intolerances.

This problem affects more than half of all women, has no direct relation to any substance identifiable by patch testing, is often linked to a natural predisposition (skin type, sensitive or watery eyes, age, heredity) or to conditions of modern life (stress, pollution, aggressive products, hard water, dieting, unhealthy eating habits, air-conditioning, smoking).

Eye Care Cosmetics is formulated with these women in mind. Using a combination of careful ingredient selection and specialist techniques this hypoallergenic or extreme tolerance cosmetics and skincare range is suitable for even the most sensitive skin. Ingredients deemed problematic are avoided: parabens, nickel, SLS, cobalt, colophane, animal products, essential oils. The result is a published incidence of reaction of 0.004% (4 claims for every 100,000 products sold). The range is extensive and includes hypoallergenic foundation, mascara, eye shadow, lipstick, lipgloss, facial cleanser, toner, moisturiser and even nail enamels.

The key is the bio-inertia of the formulations, an original concept from the Contapharm Laboratories, which aims to respect the users of the product and the environment. This is achieved by:

- ultramicronisation of all the solid particles down to less than 15µm (60% <5µm) because the cells of the cornea measure 8-18µm
- use of non-ionic surface-active agents
- exclusive use of natural pigments which are insoluble in water
- maintenance of the ocular pH (7.2-7.3) or of the cutaneous/skin pH (5.5)
- maintenance of isotonicity for the aqueous products (300 mOsm)
- guarantee the absence of the following substances: nickel, SLS, cobalt, heavy metals, organic dyes, carmine, formol, resin formaldehyde, toluene, rosin, acetone, lanolin, AHA, lead, retinol & perfume with allergens in.

Today, Eye Care Cosmetics is distributed in over 35 countries worldwide and is recognised by healthcare professionals (dermatologists, allergy-specialists, ophthalmologists) to be one of the leading reference brands in high tolerance/ hypoallergenic cosmetics.

EYE CARE COSMETICS, CREATORS OF MAKE-UP AND SKINCARE FOR WOMEN WHO WEAR CONTACT LENSES.

EYE CARE COSMETICS BRAND COMMITMENTS.

The efficiency and hypoallergenic nature of Eye Care Cosmetics products are evaluated at every stage of the development and production process. These steps include:

- Evaluation and control of all ingredients for their high ocular and cutaneous inertia level.
- Testing for innocuity and tolerance.
- Bacteriological and physico-chemical testing.
- Production according to the norms of the European Cosmetics and Pharmaceutical Industries. Reinforced quality control & stability guaranteed. Certification ISO 9001 v.2008 – ISO 13485
- Ultra-micronised formulae.
- Rich in natural active ingredients with allergen-free fragrances.
- No animal testing or ingredients of animal origin.
- Dermatologically tested for sensitive skins and contact lens wearers.
- Recommended by allergy specialists, dermatologists and ophthalmologists.
- Clinical validation, by independent organisations, to increase objectivity

STUDY BY OPTICIAN HELOÏSE BUI "COMPARISON BETWEEN EYE CARE COSMETICS AND REGULAR COSMETICS."

SUMMARY

- Eye Care Cosmetics do not obstruct the meibomian glands like regular cosmetics.
- Eye lashes and lash margin stay cleaner with Eye Care Cosmetics.
- Visual acuity reduced by 17% with regular cosmetics and by just 7% with Eye Care Cosmetics.
- Unlike regular cosmetics, Eye Care Cosmetics did not cause deposits on the lenses.
- Comfort at the end of the day: 70% felt a difference between the two:
  - Reduction in sensation of ocular itching with Eye Care Cosmetics.
  - Reduction in sensation of stinging/ocular discomfort with Eye Care Cosmetics.
  - Reduction in makeup deposits with Eye Care Cosmetics.
- Hold: 83% noticed no difference in how well the make-up stayed on during the day.
- Ease of removing makeup: 87% found removing Eye Care Cosmetics easier and faster, entailing less rubbing and irritation.

CONCLUSION

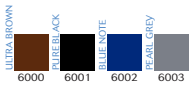
Eye Care Cosmetics bring a significant improvement to contact lens wearers and those with sensitive eyes;

- reduced changes to the lenses
- reduced deposits
- reduced sensation of discomfort
- reduced drop in visual acuity
- reduced disturbance of the tear film.

All our cosmetics are ultra-micronised to avoid the risk of irritation and all packs, brushes (guaranteed nickel-free) and applicators sterilised before packing, to ensure maximum safety during usage. Particularly suitable for contact lens wearers.

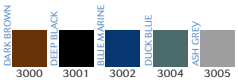
VOLUMISING MASCARA

Designed to give volume to the lashes by very lightly coating them with wax. Enriched with silicium, it strengthens the structure of the eyelash, makes it stronger and denser, it also contributes to its growth.
PARABEN-FREE - CHROME-FREE - PERFUME-FREE.



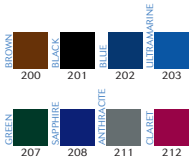
LONG LASH MASCARA

Formulated to extend eyelashes and develop their volume. Creamy, soft & carefully developed according to the principles of bio-exclusive inertia. Rich in propolis to purify the root of the eyelashes and vitamin E to strengthen.
PARABEN-FREE - CHROME-FREE - PERFUME-FREE.



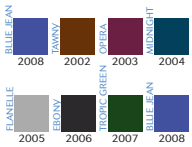
HIGH TOLERANCE MASCARA

This hypoallergenic, smudge-proof mascara has a very low wax content. Contains anti free radical vitamin E and intensifies even the most sensitive lashes.
PARABEN-FREE - CHROME-FREE - PERFUME-FREE



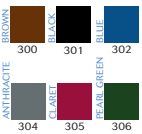
GENTLE MASCARA

This ultra-mild mascara, rich in vitamins A, B5 and E, gives a discreet, natural makeup finish.
PARABEN-FREE - CHROME-FREE - PERFUME-FREE
Its special brush smoothes lashes and deposits just the right amount of mascara to intensify the eyes.



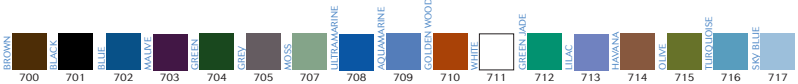
FLUID EYELINER

This extreme tolerance, ALCOHOL-FREE, PERFUME-FREE eyeliner, smudge-proof when dry, enhances the eye shape by drawing a neat, fine line.
PARABEN-FREE - CHROME-FREE - PERFUME-FREE
Draw a fine line along the base of the lashes using the applicator brush.



PENCIL EYE LINER

Available in 19 colours, this extremely soft, contact lens friendly, pencil liner contains shea butter, vitamin E and jojoba oil and intensifies even the most sensitive eyes.
PARABEN-FREE - CHROME-FREE - PERFUME-FREE - PRESERVATIVE-FREE
Use a pencil sharpened with a special cosmetic sharpener to avoid splinters. Application inside the lower lashes is not recommended for those with sensitive eyes and contact lens wearers.



FELT PEN EYELINER

These extreme tolerance, felt pen eyeliners are simple and easy to use, highlighting the eye contour with a lasting hold for up to 12 hours.

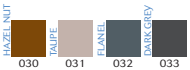
PARABEN-FREE - CHROME-FREE - PERFUME-FREE

EYEBROW PENCIL

This extreme tolerance, eyebrow pencil with shea butter and jojoba oil gently highlights the brows.

PARABEN-FREE - CHROME-FREE - PERFUME-FREE - PRESERVATIVE-FREE

Apply using small strokes, remaining inside the natural brow.

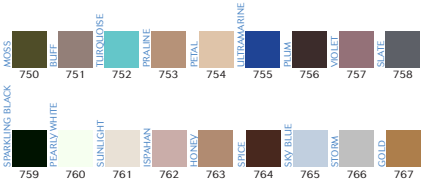


JUMBO WATERPROOF EYE SHADOW

The silicium in these eyeshadows helps maintain the elasticity of the delicate skin around the eyes. Vitamin E, renowned for its anti-ageing action, brings powerful antioxidant properties to combat ageing. Waterproof formulation with a lasting hold, matt or pearly finish, ultra-fast and easy application.

PARABEN-FREE - CHROME-FREE - PRESERVATIVE-FREE

Blend with fingertips.

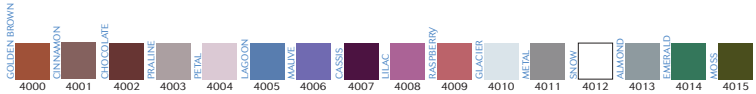


HIGH TOLERANCE WATERPROOF EYE SHADOW CREAM

This extreme tolerance eye shadow cream is rich in vitamin E and gives a natural or sophisticated makeup result depending on the colour combinations used.

PARABEN-FREE - PERFUME-FREE

Apply using foam applicator.



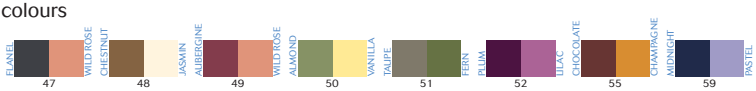
POWDER EYE SHADOWS

This ultra-micronised, fragrance-free powder eye shadow adds a luminous touch to sensitive eyes and contact lens wearers. Use alone or combined with other colours.

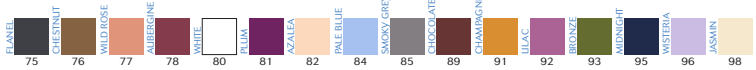
PARABEN-FREE - CHROME-FREE - PERFUME-FREE

Use light shades below the brow and in the inner corner, use darker shades towards the outer eye.

Duo colours



Solo colours



CREAM CONCEALER

This non-occlusive, fluid formula with an excellent, long-lasting, non-drying correcting action.

PARABEN-FREE - CHROME-FREE - PERFUME-FREE - PRESERVATIVE-FREE

Concealer 83 hides wrinkles with an illuminating effect.

With a sponge applicator apply a small amount of concealer, using light patting movements, to mask imperfections (signs of tiredness, redness, dark circles…).

REGARD LAGON II

A new approach to beautiful eyes, this soothing, softening, lotion beautifies and intensifies the natural sparkle of your eyes. It refreshes, relaxes, purifies and reduces irritation from smoky atmospheres. Remove soft contact lenses before use as it may temporarily stain them blue.

PARABEN-FREE - CHROME-FREE - PERFUME-FREE

Just one drop in each eye will produce a radiant sparkle. Use 3 to 5 times a day as required.

CONDITIONING MASCARA

This clear, conditioning mascara has been specially formulated to reduce risk of irritation, allergy and impurity at the base of the lashes, often the cause of peri-ocular itching and blepharitis. This hypoallergenic lash serum strengthens, softens and purifies lashes and roots.

PARABEN-FREE - PERFUME-FREE - COLOURING-FREE

Use in the evening after cleansing to purify lashes and roots, in the morning as a makeup base to enhance length and volume.

EYE MAKEUP REMOVER EMULSION PARABEN-FREE - COLOURING-FREE
EYE MAKEUP REMOVER LOTION PARABEN-FREE

Used daily, these ultra-gentle eye makeup removers gently cleanse and soothe, can even be used with contact lenses in. Uniquely formulated with non-ionic ingredients, a pH identical to tears and isotonic to tears. Particularly suitable for contact lens wearers.

Apply the emulsion to a cotton pad, place gently over closed eyes. Wait several seconds for makeup to dissolve, then slide the pad gently downwards. We recommend you use a different cotton pad for each eye.

The lotion should be used in addition to the emulsion, to perfect the cleansing routine, or on its own for women who prefer water-based textures. Apply to a cotton pad and sweep gently over eye lids, repeating several times if necessary, taking care to move from the base of the lashes to the tips.

The ophthalmic range of products, for use in the sensitive eye area, have been specially adapted using specific active ingredients: stimulating green tea, softening camomile and langherine, a natural shield that prepares skin to defend itself from external aggressors. All formulae are dermatologically and ophthalmologically tested and guaranteed extreme tolerance, ALCOHOL-FREE, COLOURING-FREE.

EYE LIFTING GEL**

Instant lifting action from dermo-tensive agents.

PARABEN-FREE - PERFUME-FREE - COLOURING-FREE

Use morning and evening for at least a month around the eye area, using gentle smoothing movements. Concentrate on the outer eye corner and leave to dry for one to two minutes before applying makeup.

PUFFY EYE CONTROL**

Purifies thanks to an active draining action.

PARABEN-FREE - PERFUME-FREE - COLOURING-FREE

Use morning and evening for at least a month around a thoroughly cleansed eye area. Use gentle, circular massaging movements to stimulate circulation action and help cream sink in.

DARK CIRCLE CONTROL**

Reduces dark circles thanks to a veino-stimulating action, witch hazel and propolis.

PARABEN-FREE - PERFUME-FREE - COLOURING-FREE

Apply directly to dark circles, morning and evening for at least a month, using several back and forth sweeping movements. Then tap gently with fingertips to stimulate circulation and help cream sink in.

EYE CONTOUR ANTI-WRINKLE CREAM

With its non-oily, fast-penetrating texture this light cream, rich in marine collagen and elastin, is boosted by NMF (natural moisturizing factor) components. Visibly restores flexibility, elasticity and tone.

PARABEN-FREE - COLOURING-FREE

Use morning and evening on thoroughly cleansed skin.

Apply to eye area and massage in using slow circular movements.

**The effectiveness claimed for each of these products has been evaluated and proven by dermatological tests.
